

For Professional use only

MXC 700 MARLDON LIQUIDWAX CARE

PRODUCT DESCRIPTION

Product characteristics:

Natural-based liquid wax for cleaning and maintaining wood and cork surfaces. Benzene free.

Colour:

MXC 700 colourless

Fields of application:

Unsurpassed maintenance and care product for wood and cork floors especially with waxed and oiled surfaces, also for furniture (work and table tops) and other wood objects. Suitable for all wood species. Recommended for initial treatment of freshly installed pre-finished floors before usage. Cleans and maintains heavily used wood and cork surfaces. Removes with ease heavy stains, water spots, traces from shoes. Regular care with Marldon Liquidwax Care protects the surface, regenerates and refreshes the finish. Marldon Liquidwax Care is water repellent. The satin matt surface can be polished if desired.

Application procedure:

Shake well before use. Do not dilute. Apply a small amount on a cloth or pour directly on the surface and distribute with a cloth. Wipe off dirt residues.

Quick and economical 1 cap = 1-2 m².

Heavier stains rub off with Marldon polishing pad or scotchpad. Wipe surface clean. Polish with dry cotton rag or floor polisher.

Ingredients:

Binding agents:

Based on the regrowing natural raw materials carnauba and candelilla wax and paraffin waxes.

Additives:

Polysiloxanes (silicid acid base, extremely water repellent)

Volatile ingrediants:

Aliphatic hydrocarbons (disaromatized white spirit - benzolefree - complies with the purity demands of the European pharmacopoeia).

Physical properties:

Specific gravity: 0.76 - 0.79 g/cm³

Viscosity: fluid (liquid).

Odour: mild (of natural vegetable oils and waxes), odourless when dry.

Flashpoint: over 280°C according to DIN 53213 (VbF-identification after EURO-Norm not required).

Safety advice:

Keep out of the reach of children. Do not bring into contact with victuals and animal food.

Do not fill into containers normally used for food and drink. In case of contact with eyes rinse immediately with plenty of water. Do not apply in the presence of naked flames.

Flammable - after drying normally inflammable (EURO-Norm EN 13501 - DIN 4102).

Storage properties:

Practically unlimited (frost resistant).

Coverage capacity**Can sizes and coverage:**

1L = approx. 100m²

10L = approx. 1000m²

(1 cap = approx. 1m²).

Health and environment:

Does not contain biocides nor preservatives.

Safe for man, animal and plant when dry.

Complies with DIN 53160 (fast to perspiration and saliva) and Euronorm EN 71 suitable for children's toys).
