MAGIC CLEANSER CONCENTRATE

QUICK AND INTENSIVE CLEANING
OF HEAVILY SOILED AND WORN WOODEN FLOORS
WAXED, OILED OR VARNISHED

Solvent
free

ALSO FOR CORK, LAMINATE, LINOLEUM, PVC, CERAMIC, NATURAL STONE
AND OTHER WATER RESISTANT SURFACES

PRODUCT CHARACTERISTICS:

SAICOS MAGIC CLEANSER Concentrate, the perfect solution for:

Intensive cleaning of all wooden and cork floors with waxed, oiled or varnished surface.

Removes also nicotine, grease, mildew e. g. in kitchen and bathroom.

Based on natural raw materials and soaps, gentle to the skin.

Does not contain bleaching agents.

Can also be used with Cleaning Machines.

COLOUR:

8125 colourless.

FIELDS OF APPLICATION:

Quick and intensive cleaning of heavily soiled and worn **wooden floors** with waxed, oiled or varnished surfaces.

Also for cork, laminate, linoleum, PVC, ceramic, natural stone and other water resistant surfaces.

Removes nicotine, grease, mildew e. g. in kitchen and bathroom.

Should not be used on raw, untreated wood.

APPLICATION PROCEDURE:

(Large areas)

Dissolve concentrate 1 : 10 with water (e. g. 0,5 litre concentrate in 5 litres of water)

Spread evenly and thoroughly on the floor with SAICOS joint-wiper or rag (do not pour on floor - do not leave pools on surface).

(Small areas or partial cleaning)

Spray concentrate from the spray bottle directly on the floor and spread out with a wrung out damp rag.

Leave to act for 5 - 20 min. Re-treat spots dried during that time. Remove dissolved dirt with SAICOS joint-wiper or rag. Wipe 2-3 times with clear water and clean SAICOS joint-wiper or well wrung rag. Wipe dry in the end.

SAICOS MAGIC CLEANSER can also be used with Cleaning Machines.

Procedure can be repeated if necessary.

Alkali sensitive wood-species (oak, chestnut) test on hidden spot.

CLEANING OF WORKING UTENSILS:

With water.

AFTER-TREATMENT OF WOODEN AND CORK SURFACES:

When surface is completely dry (min. 8 hrs) **freshen up floor or renovate worn parts or whole floor** with SAICOS HARDWAX-OIL Premium or Classic.

For further maintenance of wooden floors finished with Hardwax-Oil we recommend SAICOS WAX CARE for normal and WASH CARE^{concentrate} for moist cleaning.

INGREDIENTS:

Anionic and non-ionic tensides, water soluble solvents, soaps, natural oils and aromas. Phosphate-free, no bleaching agents, biologically degradable (in compliance with demands of the German regulations for wash and cleaning agents).

PHYSICAL PROPERTIES:

Specific gravity: 1.00 g/cm³

Viscosity: fluid (liquid).

Odour: mild, odourless when dry.

SAFETY ADVICE FOR THE UNDILUTED CONCENTRATE:

Keep out of the reach of children. Irritative to eyes and skin. In case of contact with eyes, rinse immediately with plenty of water and seek medical advice.

STORAGE PROPERTIES:

Practically unlimited. - **Protect from frost.**

COVERAGE CAPACITY:

1 litre MAGIC CLEANSER Concentrate for approx. 11 litres solution (depending on degree of dilution and soiling).

CAN SIZES:

1 L; 10 L.

HEALTH AND ENVIRONMENT:

Phosphate-free, gentle to the skin, biologically degradable (exceeds the demands of the German regulations for wash and cleaning agents considerably).

Container recycable

The above information is given to the best of our knowledge but without liability.
