

# WOCA Spot Remover

- removes particularly difficult spots from the wood surface

- Removes spots from wood surfaces, e.g. coffee and red wine
- Sprayable
- Certified by IBR

## Product info

Container: 250 ml spray can

## Application area

Spot Remover helps remove discolorations on many types of wood, especially on softwood.

## Result

Spot Remover cleans effectively local spots caused by coffee, red wine, shoes et al.

## Application

Spray Spot Remover on the spot and leave to dissolve. Wipe with a soft cloth. If necessary repeat treatment.

## After care

After removal of the spot oiled floors should be treated with Maintenance Oil/Paste and soaped floors with soap. It is always recommended to wipe the area around the spot with Natural Soap after cleaning.

# How to do...

- WOCA Spot Remover:

Removes particularly difficult spots from the wood surface

## Tools

Brush, plastic bucket and floor cloths.

Clean tools with water and soap.

**Spot Remover effectively dissolves grease, blood, coffee, tea etc. May be used on unfinished, soaped, oiled or waxed interior surfaces. Spot Remover is based on soap and specially developed for indoor use to remove spots from oiled wood surfaces**

Before using Spot Remover it is advisable to make a small test at a non-visible place of the floor to ensure that there will be no undesired reaction.

- 1 Spray Spot Remover evenly on the stain directly from the canister.
- 2 Leave the Spot Remover to dissolve the stain for 10-20 min. Now scrub with a brush until the stain has been dissolved.
- 3 Wipe with cloth wrung out in luke-warm water.
- 4 When the floor is completely dry apply the original surface finish, e.g. oil, wax or soap to re-establish the protection of the surface.
- 5 Repeat operation if necessary.
